Rule 11: Excessive Pricing Regulatory Factors

The Arkansas Towing and Recovery Board may consider the following factors in determining if the pricing is excessive or unnecessary under A.C.A § 27-50-1203(e)(1)(C), and (D).

- 1. Tow vehicle(s) required and size of tow vehicle(s);
- 2. Total time to accomplish recovery/tow;
- 3. Number of employees required to safely complete recovery/tow;
- 4. Special equipment required to recover or tow;
- 5. Location of vehicle recovered/towed;
- 6. Hazardous materials or cargo recovery involved in recovery/tow;
- 7. Comparison with reasonable prices in region;
- 8. Weather conditions;
- 9. Computation of days of storage: midnight to midnight is presumed to be a reasonable period;
- 10. Any other relevant information having a direct affect on the pricing of the recovery/tow.
